

# ROOM 9

## NEWSLETTER TERM 4 2017

Welcome back to all of you in Term 4, 2017. This is our last term together, in what has been a great year for me, and hopefully for your kids too.

### Integrated Topic

Our integrated topic of study this term is 'Space'. We will focus on our solar system and what it consists of.

### Maths Training Circuit

Students will be reviewing their numeracy knowledge and strategies this term, with a focus on addition and subtraction. Currently, we are looking at Probability and Chance.

### Reports

This term about 14 children are due for reports. If you did not get a report last term, you will need to book an interview later in the term when the notes go home.

### Class Facebook Group

This has run very well again this year! We now have 50 members representing most families in the classroom. At the end of term, the group will be deleted but you will get a chance to save photos ... details later in the term on the Facebook page.

### **Syndicate Trip**

Later this term, sometime in Week 8 (early December), all six junior classes are going on an excursion.....details out soon!

### **Health**

This term, with both Guy Fawkes Night, and Halloween (trick or treating) coming up, we will be doing Firewise and a Keeping Ourselves Safe refresher, with input from the fire service and local police ☺

*Thank you for taking the time to read this ☺*

*I also want to say that this year has been professionally very satisfying, thanks to your wonderful kids and the support you have given both them and me. I wish you all the best for next year and beyond.*

*Cheers,  
Debbie Carman*

PS. At the end of term we will spend a couple of weeks looking at the traditional, non-religious aspects of Christmas. If this is at odds with family philosophy and practise, please come and see me so we can look at options.
