Student Achievement

I have been going to the Mens shed with Mike.

It's a place where you can build with wood.

My first project was a tool box, then a periscope and after that a stool.

My latest project is a woodworking bench for the juniors because they needed a new one.

Mike got the wood ready and my jobs were

- Sanding the wood with a belt sander
- Cutting the shelf corners with a jig saw
- Using a battery powered drill for the screw pilot holes
- Using an impact driver to screw everything together.
- And using a hot wire to write my name on it

It took 4 weeks to make and it's been a really cool project. Using the impact driver was the best!!!

Have fun using the bench I hope you enjoy it!!!

Treasure Island

Ahoy! Ready for some adventure? Then heave to me hearties, hoist the Jolly Roger and plunder that treasure! Join The Pantaloons and Jim Hawkins aboard the good ship Hispaniola for a swashbuckling tale of high drama, low cunning, villainous skullduggery and packed with jokes and mayhem! Plenty of audience participation, singing and dancing in this perfectly piratical pantomime!

Adapted from the classic children's story by Robert Louis Stephenson.

Sleep... Getting enough quality sleep is important for good health and wellbeing throughout life. Sleep helps to restore energy and supports healthy brain function as well as growth and development.

Not getting enough sleep can have a negative effect on behaviour, learning, health and weight. There are some simple things that we can do to get more sleep—for example a recent report *"The Sleep and Mental Wellbeing Report - VicHealth and the Sleep Health Foundation"* found that teenagers who put their smartphones down one hour before bed gained an extra 21 minutes of sleep per night, and an hour and 45 minutes over the school week.

Are you getting enough sleep?
