

## MPS Whanau Day - THIS Friday 21<sup>st</sup> September

Technology Challenge - Approx 1.15pm-2.15pm.

Parents are welcome to join us for lunch beforehand. Pies can be ordered from the office on Friday morning as usual. Remember that children work in different classes for this activity. If you turn up late, it is best to go to the office to find out what class your child will be in.

### Each week we are having a PB4L (Positive Behaviour for Learning) focus.

This means the staff in the school will be helping students understand exactly what the focus looks and sounds like, then rewarding those who try hard at showing it. Please encourage your child to practise this weekly focus.

Below is this weeks focus.

### Community Survey:

The last child-led vision statement that was written at MPS was in 2010. This year we decided to revisit this vision, to see if it still fits with the MPS Values and Expectations. In Term One, every class undertook a series of reflective activities to help us create a new Vision for 2018 and beyond. In Term Two, a group of senior students was put together to gather, collate and rework the individual class information into one overarching School Vision. It was a whole day of work with support from our Enviroschools Facilitator and Senior Staff members. More details can be found on the wall display in the office corridor. It is now your turn to be a part of this process. Please take the time to fill in this short survey. Thank you.
