Tuesday 26th May, 2020 - Week 7, Term 2

PB4L WEEKLY FOCUS

"We will show Positive Behaviour by: Following the Health and Safety guidelines for hand washing and safe distancing (moist breath space and no touching)"

ALERT LEVEL 2

- The return to school has gone very smoothly and it has been really great to see how excited the students have been to get back to their learning and to see their friends
- We know some of our families are still feeling a bit anxious about sending their children back to school, which is understandable given everything we have been through these past 2 months.
- It's really important children do return to school, not just for their education but also their health and wellbeing.
- Instances of Covid-19 in New Zealand are very low and here in Wellington Region we have 0 cases, with the last case reported on 16 April.
- We're aware of concerns out there that people without symptoms may be able to spread the virus. The Ministry of Health has advised us that there is no instance in New Zealand of someone spreading the virus without ever having symptoms
- The Ministry of Education say our schools are safe. Even though there is such a low risk of the virus getting in the school gates to start with though, we will be keeping up our safe hygiene practices and other public health measures as an extra precaution for as long as we're at Alert Level 2.
- We continue to need contact tracing details and ask anyone entering the school to sign in. **Please do not come into school unless it is necessary to do so.**
- Thank you all for helping us manage students' entry and exit to school safely and sensibly.
- **No Kids Klub this week.**
