

Monday 15th February 2021. COVID 19 Alert Level 2:

To all our whanau -Hope you had a good weekend. Sadly the PM Jacinda Ardern has advised we are now in level 2 due to the latest Covid -19 community cases. For schools this means that we ask parents to leave their children at the gate and only staff and students will be on site. Please keep your child at home if they are unwell. We will continue with good hygiene and regular hand washing to keep everyone safe. We will notify our community if there are any changes. Hopefully it won't be for too long. Stay safe. Be kind. Keep contact tracing.

A reminder to MPS Whanau-in Level 2 we ask parents/caregivers to leave their children at the gate. School is open for staff and students only. If you need to enter the school you will need to sign in at the office. Rooms 1, 2, 3 & 4 students will be brought over to the gate by the walkway and released to their parents at the end of the school day. Please wait outside the gates. If your child goes home with an older sibling they can take them through either gate as usual.
