

FOS Fundraiser

Doughboy Pies

Yes, these amazing Pies are back!!
Order forms coming home this week.
All order forms to be returned no later than
Monday 26th August 2019.

ABSENCES

It is very important for parents to inform the office when students are away.

There are several ways for parents to let us know.

- 1) Call the office 377 5297 and leave a message
 - 2) Text 027 stating child's name, room and reason for absence
 - 3) Send a message via our school Calendar App
 - 4) Email (office@masterton.school.nz or keri@masterton.school.nz)
 - 5) Send a note.
 - 6) Send a private message through our Facebook Page.
- If you have run out of credit, please keep your phone on and answer when we call. If we are unable to get hold of parents, the Ministry of Education requires us to inform Truancy Services.

MPS Awards

The winners last week were:

Kyra Room 7 for working hard, making good choices and being kind and helpful. Rose Room 9 for caring for the environment and making good choices. Jade Room 14 for being on task and making good choices.

MPS Performing Arts Show

Normal sleep

School-aged children need between 10 and 11 hours of sleep per night. Not getting enough sleep is common in this age group. Common sleep problems in school children include refusing to go to bed, nightmares, delayed sleep, and snoring.

Effects of lack of sleep

Emotional

Lack of sleep may cause your child to be moody, irritable, and cranky. They may have a difficult time controlling their feelings; for example, they may be frustrated or upset more easily.

Behaviour

School-aged children who do not get enough sleep are more likely to have behaviour problems, such as not being able to concentrate, not doing what is asked of them and being very restless.

Thinking and learning

Lack of sleep may result in problems with paying attention, memory, decision-making, reaction time, and creativity, all which are important in school.

Bedtime routine

- Have a regular bedtime routine: this might include your child having a shower, brushing their teeth, then going to bed. Quiet activities, like reading, are good before bed.
- Have a regular bedtime and wake up time. This will help your child understand when it is time to sleep.
- If your child is going to bed too late, gradually change this by having them go to bed 30 minutes earlier and get up 30 minutes earlier.

Avoid active games, playing outside, and screen use (eg, TV, internet, computer games, etc) in the hour before bedtime.

Try dimming the lights earlier.
