"CALLING ALL OLD MOBILE PHONES"

It would be great if you could have one final rummage before the end of term for any unwanted mobile phones you may have at home. It is estimated that each year up to three million phones become obsolete in NZ, of those only 2% are recycled. Phones collected help our School gain valuable rewards and the environment benefits as well keeping our landfills free of mobile phones and their array of hazardous toxic substances.

Please drop any unwanted mobile phones you may collect in the collection box in the reception area at School.
