

## PB4L WEEKLY FOCUS

Our PB4L focus this week is:  
Caring for Others

### Week 4 – Wiki tuawha

Well done to our ball skills students who represented MPS really well and had a great day. Last week we sent along a couple of students to the Student Voices Workshop at Fernridge School. This workshop was about capturing student voice for conservation week 2021. Hopefully these students will be inspired to share their information with others at school and we will hear more from them.

Have a great week. Ngā mihi nui-Anne Donald, Deputy Principal

### Maths at our house

Maths is all around us and helping your child find out about maths in everyday life will help them make sense of maths. Follow this link to find ideas for how you can raise awareness and share mathematics **using everyday experiences and resources found around your home**. It includes ideas for supporting your children's learning in all areas of mathematics: geometry, measurement, statistics, algebra and number. Learning is fun.

## Mini Ball:

It has been great to see all the students get involved with the games each week, and see their confidence grow! The YMCA is a busy place on a Wednesday afternoon, with lots of people coming and going. It is really important that for student's safety, that they are accompanied by an adult. If you are unable to attend the game, please make other arrangements. No children are permitted to be at the YMCA without an adult.

If you need to discuss this any further, please feel free to get in touch.

Here is the draw for this week...
